Re: BYC 2010 Cabo Race – Mexican Customs and Immigration Service

Attached you will find a procedure for working with the agent we have selected to help with Mexican Customs and Immigration for boats arriving at Cabo San Lucas. We believe this process will simplify your entry and exit in Mexico.

It does demand that you take some time and pay attention to the detail, particularly to the Checklist of what you need to get to BYC by March 13.

This procedure is also on the BYC Cabo Race web page. You can print any forms you need from there or from the attached (you do not need original "printed" forms).

You are under no obligation to use this service; however, we believe it will significantly reduce the time you will spend taking care of formalities in Cabo.

Let me know if you have any questions.

Bob Stevens  
Coordinator Customs and Immigration  
BYC 2010 Cabo Race Committee
